

LOW MATTE BLACK

# PHOTOGRAPHIC MASKING TAPE

# CP 743

Our low matte photographic masking tape is engineered specifically for light-free masking when reproducing photographs. CP 743 is ideal for cropping, edging, and positioning negatives for contact printing. Photographers also use CP 743 to seal camera bellows and film holders against light leaks, and for general usage in the studio.

> **Light blockage**

Pinhole free backing blocks out light to avoid time consuming touch-ups  
Ensures light-free masking for high quality photo reproduction

> **Reduced light reflection**

Low matte backing prevents light reflection to provide clear prints

> **Less clean up**

Removes cleanly from most surfaces to prevent costly clean up

> **Quick stick**

Aggressive adhesion

**Shurtape** | HOLD STRONG.
