ShurSEAL® PACKAGING SOLUTIONS

At Shurtape, we’ve taken a holistic approach to case sealing and developed strategic partnerships to offer packaging tapes and tape application technologies that together deliver better carton seals and packaging line efficiency. The result is ShurSEAL Packaging Solutions, manual and automated case sealing systems that combine HP Series packaging tape with PrimeLoc™ tape applicators to enhance your case sealing operations.

- Reduce material waste
- Reduce downtime
- Increase safety
- Increase content security
- Reduce maintenance costs

A patented feature on the tape applicator that folds the edges of the tape as it’s applied, reinforcing seal strength and creating a ready to open seal that doesn’t require a knife.

- More reliable tape application results in better production throughput
- Increased seal strength at major flaps for added security
- Easy, no-knife opening reduces risk of product damage and worker injury
