## POLY-HANGING DUCT TAPE

When you need a tough, reliable duct tape, you can count on Shurtape PC 608 to get the job done. This contractor grade, co-extruded poly-hanging duct tape is ideal for building containments and for a variety of other applications in remediation, restoration and abatement jobs, including mold and asbestos removal. PC 608 combines a high-tack, high-performing cold temperature adhesive with good conformability to a variety of surfaces to deliver exceptional performance when hanging poly-sheeting.

- High tack
- Excellent holding power with good conformability
- Cold temperature adhesion
- Easy to unwind and tear
- Waterproof polyethylene film with a cloth carrier
- Made using Polybonded CO-EX Technology®
