WAY YOU DO BUSINESS

ShurSEAL® is more than just tape — it's a complete packaging solution that keeps your carton seals intact every step of the way.

Equipped with HP Series packaging tape, which offers the highest holding power to fiberboard in the industry and Good to the Core® performance, The ShurSEAL Solution features patented wipe-down technology that drives the adhesive deeper into the corrugated fibers. This ensures the full profile of the tape is wiped down the seam of the carton closure and creates a stronger, more uniform bond.

From the warehouse to the truck to the sorting facility to your customer's doorstep, The ShurSEAL Solution stands up to the demanding conditions that would compromise most ordinary case seals.
