

FROM REPAIR PROJECTS TO CUSTOM AUTO WORK, TAPE IS A CRITICAL PART OF THE JOB. PRECISION MATTERS, SO YOU NEED A TAPE SOLUTION THAT DELIVERS HIGH-QUALITY RESULTS THE FIRST TIME, EVERY TIME.

THAT'S WHY WE OFFER A COMPLETE LINE OF TAPE SOLUTIONS THAT ARE ENGINEERED TO PERFORM IN CHALLENGING AUTO AFTERMARKET APPLICATIONS. FROM DURABILITY AND VERSATILITY TO CLEAN REMOVAL AND CRISP PAINT LINES, OUR TAPES DELIVER RESULTS YOU CAN RELY ON TO GET THE JOB DONE RIGHT THE FIRST TIME, SAVING YOU TIME AND MONEY.

FrogTape® Performance Masking Tapes

When crisp, clean lines on your next painting project are a must, trust the FrogTape® family of performance masking tapes. Ideal for use in the auto aftermarket industry, these medium-high adhesion, clean removal masking tapes are compatible with solvent-based and waterborne, aqueous paints, and can withstand high temperatures in bake ovens without curling up or tearing when pulled.

DOES NOT contain PaintBlock® Technology.

FrogTape® 225 Gold (CP 225)

Performance grade, medium-high adhesion masking tape that delivers consistent paint lines, clean removal and conformability; use in temperatures up to 225 F (for up to 30 minutes).

FrogTape® 250 Light Blue (CP 250)

Performance grade, medium-high adhesion masking tape that delivers clean, flat edges for sharper paint lines, balanced conformability for curves and contours, and excellent adhesion to a variety of substrates; use in temperatures up to 250 F (for up to 30 minutes).

FrogTape® 325 Pink (CP 325)

Performance grade, medium-high adhesion masking tape offering higher durability, medium conformability and residue-free removal; use in temperatures up to 325 F (for up to 30 minutes).

PAINT MASKING & FINELINE TAPES

FLC 280

Fine line masking tape used in topcoat applications to achieve a decorative design when tight curves are needed; use in temperatures up to 280 F (for up to 45 minutes).

FLS 325

Low-stretch fine line masking tape used when crisp fine line edges are needed to achieve boot, cove, pin stripes or other designs; use in temperatures up to 325 F (for up to 45 minutes).

CP 11

Medium adhesion, paint masking tape offering clean removal in automotive applications where vehicles are naturally cured.

FrogTape® Pro Grade Orange (CP 199)

Premium grade, high adhesion orange paint masking tape for use in painting and general purpose applications that demand a flexible and conformable tape.

DOES NOT contain PaintBlock® Technology.

ELECTRICAL TAPES

EV 57

UL Listed, 7.0 mil electrical tape for use in general applications; available in black and a selection of colors.

EV 77

UL Listed, professional grade 7.0 mil black electrical tape for insulating and splicing applications; also available in a selection of colors for color-coding and phasing applications.

T-REX® TAPES

T-Rex® Strong & Clear Mounting Tape

Permanent, clear mounting tape with strong adhesive and extreme holding power used as an easy alternative to nails, screws, staples and glue to hold up to 30 lbs.

T-Rex® Extreme Hold Mounting Tape

Permanent mounting tape with strong adhesive and extreme holding power used as an easy alternative to nails, screws, staples and glue to hold up to 50 lbs.

T-Rex® Super Glue Tape

High-tack double-sided super glue-like tape for mounting, automotive and surface-to-surface repairs.

Combining the brands you know with the quality and performance you trust, the Duck Pro® by Shurtape® portfolio of duct tapes includes utility, general purpose, professional and premium tape grades to tackle a variety of tasks.

QUALITY PERFORMANCE
**TRUSTED
RESULTS**

PC 6

Utility grade, co-extruded cloth duct tape for non-critical, general use applications; 6.0 mil.

PC 9

General purpose, contractor grade duct tape – available in silver (PC 9S) and a variety of colors (PC 9C) – for all-weather poly-hanging, general repair and industrial color-coding applications; 9.0 mil.

PC 609

Professional grade, co-extruded cloth duct tape with an aggressive wet-stick adhesive and cold-temperature adhesion; 10.0 mil.

PC 618

Professional grade, industrial duct tape for applications that demand excellent tack, conformability and holding power; ideal for temporary body repairs until the part can be replaced; available in silver and a variety of colors; 10.0 mil.

DF 545

Professional grade, premium performance double-sided duct tape for temporary attachments, holding, mounting, bonding and joining tasks; 10.5 mil.

PC 621

Heavy duty, professional grade cloth duct tape for demanding HVAC and industrial applications; 11.0 mil.

PC 657®

Professional grade, heavy duty, co-extruded cloth duct tape for applications that demand excellent tack, holding power, durability and temperature resistance; ideal for protection during metal-peening and sandblasting operations; 14.5 mil.

PC 769

Six-month clean removal duct tape offering aggressive adhesion without leaving residue behind and a waterproof backing, making it ideal for a variety of indoor and outdoor repair projects; 12.2 mil.
