

WHETHER YOU'RE WORKING ON A NEW BOAT BUILD OR REPAIRING AN EXISTING ONE, TAPE IS A CRITICAL PART OF THE JOB. A SINGLE MISTAKE CAN RUIN THE ENTIRE PROJECT. SO, THE TAPE YOU CHOOSE COULD STAND BETWEEN A JOB WELL DONE – AND A JOB REDONE.

THAT'S WHY WE OFFER A COMPLETE PORTFOLIO OF TAPE SOLUTIONS THAT ARE ENGINEERED TO PERFORM IN CHALLENGING MARINE APPLICATIONS. FROM DURABILITY AND VERSATILITY TO CLEAN REMOVAL AND CRISP PAINT LINES, OUR TAPES DELIVER RESULTS YOU CAN RELY ON TO GET THE JOB DONE RIGHT THE FIRST TIME, SAVING YOU TIME AND MONEY.

FrogTape® Performance Masking Tapes

When crisp, clean lines on your next painting project are a must, trust the FrogTape® family of performance masking tapes. Ideal for use in the marine industry, these medium-high adhesion, clean removal masking tapes are compatible with gel coats, multi-part epoxy topcoats and antifouling bottom paints, as well as solvent-based and waterborne, aqueous paints.

DOES NOT contain PaintBlock® Technology.

FrogTape® 225 Gold (CP 225)

Performance grade, medium-high adhesion masking tape that delivers consistent paint lines, clean removal and conformability; use in temperatures up to 225 F (for up to 30 minutes).

FrogTape® 250 Light Blue (CP 250)

Performance grade, medium-high adhesion masking tape that delivers clean, flat edges for sharper paint lines, balanced conformability for curves and contours, and excellent adhesion to a variety of substrates; use in temperatures up to 250 F (for up to 30 minutes).

FrogTape® 325 Pink (CP 325)

Performance grade, medium-high adhesion masking tape offering durability, conformability and residue-free removal; use in temperatures up to 325 F (for up to 30 minutes).

PAINT & FINELINE TAPES

CP 27® Clean Removal Blue Painter's Tape

Clean removal blue painter's tape for interior or exterior marine painting applications in temperatures less than 200 F.

FLC 280

Fineline masking tape used in topcoat applications to achieve a decorative design when tight curves are needed; use in temperatures up to 280 F (for up to 45 minutes).

FLS 325

Low-stretch fineline masking tape used when crisp fineline edges are needed to achieve boot, cove, pin stripes or other designs; use in temperatures up to 325 F (for up to 45 minutes).

FILM TAPES

PE 333

Non-UV-resistant polyethylene tape used to reinforce boat heat shrink wrap seams to create a tight, continuous seal that protects the vessel during seasonal storage or transportation.

SPECIALTY DUCT TAPES

Combining the brands you know with the quality and performance you trust, the Duck Pro® by Shurtape® portfolio of duct tapes includes utility and general purpose grades for applications like bundling, sealing and repairing to professional and premium grades to tackle applications that demand aggressive stick and superior hold.

PC 769

Six-month clean removal duct tape offering aggressive adhesion without leaving residue behind and a waterproof backing, making it ideal for a variety of indoor and outdoor repair projects; 12.2 mil.

ELECTRICAL TAPES

EV 57

UL Listed, 7.0 mil electrical tape for use in general applications; available in black and a selection of colors.

EV 77

UL Listed, professional grade 7.0 mil black electrical tape for insulating and splicing applications; also available in a selection of colors for color-coding and phasing applications.

GENERAL PURPOSE MASKING TAPES

CP 105

General purpose grade, medium-high adhesion masking tape for non-critical bundling and labeling.

CP 66®

Contractor grade, high adhesion masking tape for applications that demand quick stick and conformability.

DUCT & REPAIR TAPES

PC 6

Utility grade, co-extruded cloth duct tape for non-critical, general use applications; 6.0 mil.

PC 9

General purpose, contractor grade duct tape – available in silver (PC 9S) and a variety of colors (PC 9C) – for all-weather poly-hanging, general repair and industrial color-coding applications; 9.0 mil.

T-Rex® Waterproof Tape

Provides waterproof adhesion to the toughest surfaces and even works under water. Built with R-Flex Technology,™ this tape is durable and flexible enough for a wide range of emergency fixes and waterproofing repairs.
