

14-DAY, MULTIPLE SURFACE

CP 27[®] ShurRELEASE[®] BLUE PAINTER'S TAPE

When you need painter's tape that will adhere consistently and remove cleanly, trust CP 27[®] ShurRELEASE[®] Blue Painter's Tape.

CP 27 is a multiple surface painter's tape designed for masking cured painted walls, trim, woodwork, glass and metal to help protect surfaces and prevent paint bleed. It can also be used to hang poly-sheeting or kraft paper, as well as hold temporary signs in place.

A medium-adhesion, conformable painter's tape, CP 27 features a versatile adhesive that provides increased tack to stay affixed to surfaces and is engineered to stick to today's paint formulations. The tape's fine structured crepe paper backing provides a smooth feel and good tear-resistance. With no lifting or flagging, seepage is prevented and sharper paint lines result.

For use indoors and outdoors, CP 27 removes cleanly and easily for up to 14 days, helping you tackle the job with ease.
