

WATER ACTIVATED TAPE SOLUTIONS FOR THE WAY YOU DO BUSINESS.

YOU DO BUSINESS IN A HIGH-PACED, DEMANDING ENVIRONMENT. ONE THAT RELIES HEAVILY ON MANUAL LABOR, PARTICULARLY DURING PEAK SEASONS. AND WHERE MISSING A DEADLINE, DELIVERING DAMAGED PRODUCT, OR FACING LOSS DUE TO THEFT CAN NEGATIVELY AFFECT YOUR CUSTOMER'S EXPERIENCE AND YOUR ABILITY TO SECURE REPEAT BUSINESS.

TAPE IS YOUR LAST LINE OF DEFENSE TO KEEP PRODUCT PROTECTED, SO CHOOSING THE RIGHT SOLUTION — ONE THAT IS EASY TO USE, WHILE DELIVERING STRENGTH AND SECURITY — IS CRITICAL TO GETTING THE JOB DONE. THAT'S WHY SHURTAPE OFFERS WATER ACTIVATED TAPES AND DISPENSING EQUIPMENT DESIGNED FOR THE WAY YOU DO BUSINESS.

Shurtape®
TRUE TO YOUR WORK™

WATER ACTIVATED TAPES

For light to heavy duty sealing applications, including on hard-to-stick-to cartons such as 100 percent recycled, Shurtape's selection of non-reinforced and reinforced paper tapes become "one with the box" to provide obvious evidence of tampering, making them suitable for a range of packaging applications.

GP 100

Non-reinforced, medium duty grade gum paper tape for light- to medium-weight packaging applications that demand a long-lasting bond. GP 100 adheres to most paper surfaces with an aggressive water activated adhesive that becomes part of the carton to provide tamper-evident security.

WP 100

Economy grade reinforced paper tape for sealing light- to medium-weight cartons up to 25 pounds with normal exposure to handling, shipping and load stress. Offering excellent tensile strength and an aggressive water activated adhesive that provides an instant bond to most corrugated surfaces, WP 100 delivers a durable seal that helps prevent pilferage.

WP 200

Production grade reinforced paper tape with water activated adhesive for sealing medium-weight cartons up to 35 pounds in normal manufacturing and shipping environments. Strong and conformable with aggressive adhesion to cartons, WP 200 prevents pilferage to help ensure goods arrive intact.

WP 300

Heavy duty grade reinforced paper tape with water activated adhesive for critical closure of heavy-weight cartons up to 45 pounds in all environments. With high tensile strength and an aggressive adhesive that quickly becomes part of the carton, WP 300 is designed for optimum security.

WP 400

Extra heavy duty grade reinforced paper tape for sealing large, bulky or heavy content cartons over 50 pounds in moderate to severe handling environments. WP 400 offers superior tensile strength, conformability and an aggressive water activated adhesive that becomes part of the carton to deliver maximum security on every carton.

CUSTOM PRINTED WATER ACTIVATED TAPES

Custom printed water activated tapes combine strength and security with a clearly communicated message that is perfect for building brand awareness, providing special handling instructions, for promotional purposes, and more. Any of Shurtape's water activated tapes can be printed with your specific logo or messaging, allowing you to match your shipping requirements for weight and strength with your desire to deliver a statement to your customer.

WATER ACTIVATED TAPE DISPENSERS

Application of water activated tapes is quick and hassle-free with Phoenix® gummed tape dispensers. Available in manual and electronic options, these durable tape dispensers feed, moisten and cut tape to your desired measurement to help you reduce labor, maximize efficiency, minimize waste, and deliver a professionally sealed package.

PHOENIX® M-1 MANUAL GUMMED TAPE DISPENSER

- Smooth manual feed dispenses up to 30" in a single pull, but can deliver longer lengths with multiple pulls of the handle
- Steel construction with baked enamel finish prevents corrosion
- Continuous bottom edge crimp on both sides provides stability
- Utility top for convenient storage of markers, pens, knives, hand stamps and more
- For use with water activated tapes ranging from 1.5" to 3" in width

PHOENIX® E-1 ELECTRONIC GUMMED TAPE DISPENSER

- Smooth dispensing of tape lengths from 6" to 45" with the press of the front-mounted keypad
- One-touch preset lengths
- Rugged construction with a thermostat-controlled heater, three-brush moistening system and self-oiling cutter
- Continuous bottom edge crimp on both sides provides stability
- Utility top for convenient storage of markers, knives, hand stamps and more
- For use with water activated tapes ranging from 1.5" to 3" in width

All Phoenix® tape dispensers come with a one year parts and labor warranty.
Shurtape® is an authorized distributor of Phoenix® gummed tape dispensers.
