# MASKING TAPE

D E C O A T E D

A SIMPLIFIED WAY  
TO CHOOSE THE RIGHT  
TOOL FOR THE JOB

## GOOD

### CP 105

Economy grade, medium-high adhesion masking tape for non-critical bundling and labeling applications. CP 105 is an economical masking solution designed to provide excellent surface contact on a range of substrates.

## BETTER

### CP 200

Production grade, medium-high adhesion masking tape for packaging, bundling, splicing, masking and labeling applications. Offering one-day clean removal, CP 200 provides good quick stick and holding power, and can withstand temperatures up to 200 F for 30 minutes.

## BEST

### CP 83

Industrial grade, high adhesion masking tape for general purpose packaging, bundling, holding, splicing, tabbing and banding applications involving a variety of substrates. CP 83 is a tape solution that offers quick stick and flexibility for the task at hand.
